SOFTWARE				
Trimble is not responsible for the supply or payment of any 3rd party licenses to the customer to run the software in their environment. This will include, but is not limited to, any Oracle or Microsoft SQL Server licenses.				
DELIVERY				
Trimble will ship the Hardware to Customer within 30 days of the Effective Date. Installation thereafter will be performed on a mutually agreeable schedule between Customer and Trimble.				
PAYMENT				
All amounts listed are in US Dollars and customer shall pay all charges and fees for Equipment and/or Service purchased by customer pursuant to each applicable Product Schedule in U.S. dollars. Trimble shall invoice amounts due under each Product Schedule to the billing address as is provided in such Product Schedule. All payments to Trimble are due net thirty (30) from date of invoice, with the exception of the Service fees which are outlined in the Service fee section of this agreement. Monthly solution fees start upon activation of units. Units are activated upon installation or thirty (30) days following shipment, whichever transpires first. Monthly solution fees are invoiced as services are rendered and are payable upon receipt. Customer is responsible for all federal, state, local taxes, duties, tariffs, and shipping costs. Any late payments will be subject to late fees and interest at 2.0% monthly. If customer fails to make payments in accordance with these terms the customer will be in default and customer will agree to pay all cost end expenses of collection, including attorney fees and cost incurred by Trimble in collecting or attempting to collect any amounts due.				
CUSTOMER RESPONSIBILITIES				
Customer is responsible for any driver tampering and database integrity of its current dispatch system. If parts are damaged or product does not work as a result of customer negligence, driver negligence, or inadequate customer installation, Trimble will bill Customer for time, materials, and travel expense required to rectify the problem.				
EXPIRATION				
The pricing offered in this Product Schedule will expire on		8/10/2011
